## SKILLS

**TECHNICAL SKILLS:** PYTHON, SQL, HTML, CSS

**SOFT SKILLS:** Time management, Capability to do multi-task, Strong motivated person

**LANGUAGES KNOWN:** Tamil, English

## PROJECT

**MSAJCE CANTEEN** (Domain-Android App development)

I developed a food ordering app for my college using XML, Java, Firebase, and Android Studio. It has significantly reduced overcrowding by assisting more than 50% of students in booking their meals efficiently.

**KYAAT-THE KINESICS RECOGNITION** (Domain-Human Computer Interaction)

Built a hand gesture mouse with a 20ms latency using Python and its libraries. With help of this we can use our hand as a mouse
